

# Bergquist Offers a Hassle-Free Way to Solve Complex Assemblies.

Bergquist has the knowledge, experience and resources to design and prototype a wide variety of assemblies from the very simple to the complex. We even help with special packaging. Most important, you can manage it all with one phone call to us! We'll save you time, money and all the hassles.

## How Do We Do It?

- Single-source vendor for components to design, manufacturing, distribution and inventory control
- Value-added franchised distribution
- In-house design, prototyping and manufacturing
- Expert technical and customer support
- Quickest time-to-market on finished parts/assemblies
- Supply chain management solutions.
